

In May 2023, 23,483 individuals representing 8,186 households (HHs) were recorded in seven reception centres in Borno state, with women and children accounting for 87% of the total. Consistent with previous reports, the displaced population in reception centre has been decreased by 25% compared with last month.

In the seven reception centres across Bama, Dikwa, Gwoza, Monguno, and Ngala LGAs, 1,282 households (HHs) (3,614 individuals) of new arrivals were registered, representing a 2% decrease from the previous month. 3,616 HHs have stayed for over three months against recommended 72 hours for referrals in Ngala (1,712), Pulka (745), Monguno (451), Bama (180) and Dikwa 120 reception centres. There is an immediate need for CCCM, shelter, NFI, WASH, food, protection and health care services across the reception centres.

HUMANITARIAN RESPONSE AND GAPS

SHELTER ACTIVE SERVICES

Shelter services include shelter construction, reinforcement, shelter kit distribution and shelter repair.

GAPS
 5,578 HHs (total overstretch) urgently need shelters responses across the seven reception centres. 746 HHs living outside, 328 HHs referred for sharing modalities. In Pulka, there is need for construction of more new shelters to accommodate those without shelters currently leaving in school building (TLS).

NFI NON-FOOD ITEMS (NFI) ACTIVE SERVICES

NFI services include the distribution of NFI kits (Standard/Improved).

GAPS
 4,760 HHs, including new arrivals households, urgently need NFI items, particularly blankets, mats, kitchen sets, buckets/jerrycans, sheeting, mosquito nets, and soap. There is a need for NFI intervention at the point of arrival in Bama.

CAMP COORD. AND CAMP MANAGEMENT ACTIVE SERVICES

CCCM services includes registration, sensitization, sanitation, shelter allocation, service/intervention advocacy, coordination meetings, referrals and complaints and feedback mechanism.

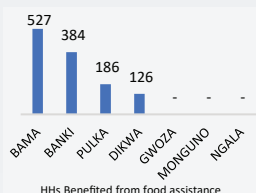

GAPS
 The CCCM partners in Bama, Ngala and Pulka, Banki, and Monguno are raising concerns of over congestion of the RCs. Advocacy should be done at the sector level to have response to the existing gaps analysis in the reception center.

FOOD SECURITY (FS) ACTIVE SERVICES

Food security services include wet feeding, general food distribution and cash based transfer.

GAPS
 1,223 HHs received in-kind food distribution across the seven reception centres during this period.

In Gwoza, 203 HHs received cash for food vouchers. There were no active wet feeding partners at the Banki, Monguno, and Ngala reception centres. In Bama, Pulka, and Gwoza, 340 HHs new arrivals require SCOPE registration to receive food assistance.

NUTRITION ACTIVE SERVICES

Supplementary Feeding for children, malnourished children, pregnant and lactating mothers, and Screening for malnourished children.

GAPS
 Malnutrition has been reported in Banki and Bama. There is a need for more supplementary feeding for children in Monguno, Ngala, Pulka, and Dikwa reception centres.

HEALTH ACTIVE SERVICES

Medical screening, referrals, vaccination, immunization, distribution of essential medicine in all RCs.

GAPS
 Monguno and Ngala reception centres lack functional primary health care. Secondary health care is required in Bama, Banki, Dikwa, Pulka, Gwoza, Monguno, and Ngala.

PROTECTION ACTIVE SERVICES

Protection services include Legal Documentation, Gender Based Violence (GBV) services, general protection services, referrals, vulnerability screening, child protection services and mental health and psychosocial support (MHPSS) services.

GAPS
 CCCM partners noted the need for legal aid on protection concerns in Monguno, Ngala, Pulka, and Dikwa. In Ngala, a partner for GBV activities is required.

WATER, SANITATION AND HYGIENE (WASH) ACTIVE SERVICES

WASH services include construction of latrines and showers, distribution of sanitation materials, dislodgement of latrines/solid waste, chlorination of water, hygiene promotion and maintenance of WASH facilities.

GAPS
 Reception centres in Bama, Monguno, Ngala, and Gwoza urgently need an upgrade of water sources near sanitary facilities baths/latrines. There are 25 damaged latrines in Bama (4), Pulka (10) and Ngala (10), and Gwoza (1). Lack of lighting around the latrines in Bama, Gwoza, and Pulka poses a protection risk.

Registration of new arrivals in Bama for wet feeding ©IOM
