

CCCM Site Feasibility Assessment Tool_V01

1. General Information

Region

Select Region from the list

- Addis Ababa
- Afar
- Amhara
- Benishangul Gumz
- Dire Dawa
- Gambela
- Harari
- Oromia
- Sidama
- SNNP
- Somali
- Tigray

Zone

Select Zone from the list

Woreda

Select Woreda from the list

1.4 Enter site name

What is the site locally called?

1.5 Capture the site's GPS coordinates

While you are at the site enable the GPS location on your device and capture the site's coordinates

latitude (x.y °)

longitude (x.y °)

altitude (m)

accuracy (m)

1.5 Expected use of site

- Standard use of site
- Site will be used for Special Purpose / Expected Duration

1.5.1 Observations on Special Purpose / Expected Duration use of the site

1.6 Government representative

Name of government representative person

1.7 Assessment team composition

Indicate the composition of the team participated in the assessment (Select ALL valid options)

- Organizations
- Clusters
- Sectors
- Others

1.7.1 List Organizations

List abbreviations for participating Organizations (e.g. IOM, UNHCR ..etc)

1.7.2 List Clusters

List names of participating Clusters

1.7.3 List Sectors

List names of participating Sectors

1.7.4 List Others

List other entities participating in the assessment

1.8 Date of assessment

yyyy-mm-dd

1.9.1 Prepared by : Name

Provide a name

1.9.2 Prepared by : Email address

Provide email address

2.Red-Line Features

2.1 Is site near conflict affected area ?

- No
- Yes
- Don't know/information not available

2.1.1 Site near conflict affected area observations

Provide your observations if the site is located at/near conflict affected area

2.2 Presence of Mines, UXOs and ERWs ?

UXOs = Un-Exploded Objects | ERWs = Explosive Remnants of War

- No
- Yes
- Don't know/information not available

2.2.1 Observations on presence of Mines, UXOs and ERWs

Provide your observations if there is presence of Mines, UXOs and ERWs near the site

2.3 Is the site less than 50 km from international border/ regional borders ?

- No
- Yes
- Don't know/information not available

2.3.1 Observations on Distance from international border/ regional borders observations

Provide your observations if the site less than 50 km from international border/ regional borders

2.4 Are there any Legal / Housing Land and Property issues ?

- No
- Yes
- Don't know/information not available

2.4.1 Observations on Legal / Housing land property issues

Give more details about any Legal / Housing Land and Property issues

2.5 Is there an outright rejection by the host community concerning the presence of IDPs in their area ?

- No
- Yes
- Don't know/information not available

2.5.1 Observations on outright rejection by the host community concerning the presence of IDPs in their area

Give more details

2.6 Is the site a wet-land ?

- No
- Yes
- Don't know/information not available

2.6.1 Observations about the site being a wet-land**2.7 Are there armed groups in and around the area ?**

- No
- Yes
- Don't know/information not available

2.7.1 Observations about armed groups around the area of the site

2.8 Is there presence of Military camps, military Fuel stations, civilian/Military airports within 0.5K diameter ?

- No
- Yes
- Don't know/information not available

2.8.1 Observations on presence of Military camps, military Fuel stations, civilian/Military airports within 1 Km radius from the site

2.9 Is the area prone to flooding, bushfires, landslides and/or heavy winds and dust storms?

**Note: Factor seasonal conditions within a year*

- No
- Yes
- Don't know/information not available

2.9.1 The area is prone to :

**Note: Factor seasonal conditions within a year*

- No
- Yes
- Don't know/information not available

2.9.1.1 Provide details about other factor seasonal conditions

3. Size and Physical attributes of the land**3.1 Nature of the land of the site : Rocky ?**

(with impermeable soil or rock formations ?

- No
- Yes
- Don't know/information not available

3.1.1 Observations on rocky land of site

3.2 Nature of the land of the site : Hilly ?

With contours and difference in elevations

- No
- Yes
- Don't know/information not available

3.2.1 Observations about hilly land of site

3.3 Current activity on the land

- Agricultural
- Commercial
- Grazing Land
- Open area

3.3.1 Observation on current activity on the land : Open-area: Why ?

e.g why is it not suitable for agriculture ? commercial / human settlements ?

3.4 Is the Gradient Slope of the area between 1 - 4% ?

- No
- Yes
- Don't know/information not available

3.4.1 Observations on Gradient Slope of area between 1 - 4 %

3.5 Is soil permeable and allow good infiltration (absorbs water well)?

- Yes
- No
- Don't know/information not available

3.5.1 Observations on soil disallowance of good infiltration

3.6 Are there boundary issues ?

e.g. boundaries not clearly defined

- No
- Yes
- Don't know/information not available

3.6.1 Observations on boundary issues

3.7 Sufficient land area for the required population (45 Sqm/person)?

- Yes
- No
- Don't know/information not available

3.7.1 Observations on sufficient land area required

3.8 Extra space for gardens?

- Yes
- No
- Don't know/information not available

3.8.1 Observations on extra space gardens

3.9 Potential expansion possible?

- No
- Yes
- Don't know/information not available

3.9.1 Observations about possible expansion : To which side/sides the expansion is possible ?

(Select ALL valid options)

- North side
- East side
- South side
- West side

3.10 Area of Graveyard needed ?

- Yes
- No
- Don't know/information not available

4. Land ownership/Legal Impediments**4.1 Can the relevant authorities issue a Right of Use Agreement?**

- Yes
- No
- Don't know/information not available

4.1.1 Observation on why relevant authorities are not able to issue a Right of Use Agreement?

4.2 Is the land free from liens and encumbrances? (right of way, loan)

- Yes
- No
- Don't know/information not available

4.2.1 Observations on lines and encumbrances on the land

4.3 Land occupants ?

- None
- Current Occupants
- Prior Occupants

4.3.1 What kind of legal land-use entitlement does current occupants have ?

- None
- Formal
- Informal

4.3.2 Observations on occupants

4.4 History of the land

(Select ALL valid options)

- Private
- Public
- Communal

5. Security and Safety

5.1 Is the land along roads leading to the site ?

- No
- Yes
- Don't know/information not available

5.1.1 Observations on the highway near the land

e.g Name of the highway ? highway is connecting A to B places/cities/villages/ regions ?

5.2 Is it near a body of water ?

- None
- River
- Seasonal River
- Stream
- Lake
- Water reservoir

5.2.2 Observations on near-by body of water

e.g. Name of the body of the water ? Exact/Approx. distance from site ?

5.3 Freedom of movement ?

- Yes
- No
- Don't know/information not available

5.4 Freedom of expression

- Yes
- No
- Don't know/information not available

5.5 Is it near Is it near a forest where wild animals might be present posing danger to humans?

- No
- Yes
- Don't know/information not available

5.6 Do active tensions exist between host community and the displaced?

- No
- Yes
- Don't know/information not available

5.6.1 Observations on active tensions exist between host community and the displaced

Give more details about the active tensions

5.8 Are there other natural or man-made hazards close-by (garbage dump, quarry, canyons, etc.)

- No
- Yes
- Don't know/information not available

5.8.1 Observations on natural or man-made hazards close-by

e.g. Name/type of the hazard, more details about the nature of the hazard

5.9 Are there heavily damaged buildings in the site in extremely precarious condition which might pose a threat/collapse ?

- No
- Yes
- Don't know/information not available

5.10 Are there spots in the site which are known to be used for criminal activities or might pose potential GBV risks?

- No
- Yes
- Don't know/information not available

5.10.1 Observations about spots in the site which are known to be used for criminal activities or might pose potential GBV risks

5.11 Are there any unmitigated and significant disease outbreaks that affect the area (seasonal or sporadic)?

- No
- Yes
- Don't know/information not available

5.11.1 Observations on unmitigated and significant disease outbreaks that affect the area

Give more details

5.12 Are there testing, isolation facilities or protocols for identified cases of COVID 19 in the area?

- Yes
- No
- Don't know/information not available

6. Environment / Climatic conditions

6.1 Impact on host communities (potential risk of conflict over natural resources)?

- No
- Yes
- Don't know/information not available

6.1.1 Observations on potential Impact on host communities

6.2 Impact on nearby forest parks, conserved landscapes ?

- No
- Yes
- Don't know/information not available

6.2.2 Observations on impact on nearby forest parks, conserved landscapes ?

6.3 Is there a potential contamination towards to the downstream water supplies (presence community ponds ,water supply dams)

- No
- Yes
- Don't know/information not available

6.3.1 observations about potential contamination towards to the downstream water supplies

7. Accessibility**7.1 Access to Schools/Educational facilities ?**

- Yes
- No
- Don't know/information not available

7.1.1 Distance to Schools/Educational facilities ? (Kilometers)

Provide actual/estimated distance

7.2 Access to health facilities ?

- Yes
- No
- Don't know/information not available

7.2.1 Distance to health facilities ? (Kilometers)

Provide actual/estimated distance

7.3 Access to Markets ?

- Yes
- No
- Don't know/information not available

7.3.1 Distance to Markets ? (Kilometers)

Provide actual/estimated distance

7.4 Access to firewood ?

- Yes
- No
- Don't know/information not available

7.4.1 Distance to firewood ? (Kilometers)

Provide actual/estimated distance

7.5 Access to transportations from the site?

- Yes
- No
- Don't know/information not available

7.5.1 Distance to transportations from the site ? (Kilometers)

Provide actual/estimated distance

7.6 Condition of available roads and bridges

- None
- Good
- Bad

7.6.1 Observations on condition of available roads and bridges

Names, Conditions of available roads and bridges

8. Availability of Resources

8.1 Availability of Resources

(Select ALL valid options)

- Telecommunications (Mobile network/Internet connectivity)

- Electricity is available in the site

- Firewood is available from the forest / bush

- Existing water source

- Forest products

- Sewage systems

- Postal services

- Financial Service Providers (FSPs such as banks)
