The CCCM, Shelter, and NFI sector present service monitoring and gap analysis for seven reception centres: Bama, Banki, Monguno, Pulka, Dikwa, and Gwoza in Borno State. This report provides humanitarian partners with timely information to track humanitarian responses, identify sectoral gaps, and respond to displaced populations' needs.

KEY HIGHLIGHTS

In October 2023, 23,584 individuals representing 8,204 households (HHs) were recorded in seven reception centres in Borno State, with women and children accounting for 89 percent of the total. In this reporting period, 6 HHs (13 individuals), for relocation to other area, and family reunification, departed from Banki, Gwoza and Pulka reception centres.

DEMOGRAPHIC BREAKDOWN OF INDIVIDUAL POPULATION IN RECEPTION CENTRES

RC Location	Male 0-5 yrs	Female 0-5 yrs	Male 6-17 yrs	Female 6-17 yrs	Male 18-59 yrs	Female 18-59 yrs	Male 60+	Female 60+	Total
Pulka	1,225	1,369	1,416	1,622	733	2,178	151	234	8,928
Ngala	783	841	721	851	680	1,445	62	55	5,438

Bama	112	139	219	143	109	244	20	52	1,038
Dikwa	50	66	30	44	20	85	6	13	314
Total	3,407	3,839	3,611	3,787	2,332	5,649	366	557	23,548

NUTRITION ACTIVE SERVICES

Supplementary feeding for children, malnourished children, pregnant and lactating mothers, and Screening for malnourished children.

GAPS

CCCM partners reported 35 malnutrition cases in Monguno (23), Bama (8), Dikwa (3) and Ngala (1) reception centers. There is a need for more supplementary feeding for pregnant and lactating mothers in Banki, Bama, Gwoza, Ngala, Pulka and Dikwa.

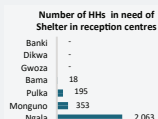

HUMANITARIAN RESPONSE AND GAP

SHELTER ACTIVE SERVICES

Shelter services include shelter construction, reinforcement, shelter kit distribution and shelter repair.

GAPS

A total of 2,629 HHs urgently need shelter responses in the seven reception centres where 318 HHs were recorded living outside, while 357 HHs were referred for sharing modalities. There is a need for more shelters to accommodate 2,063 HHs living in temporary settlements.

NFI NON-FOOD ITEMS (NFI) ACTIVE SERVICES

NFI services include the distribution of NFI kits (Standard/Improved).

GAPS

A total of 2,064 HHs need for NFI intervention in Pulka (1,450 HHs), Bama (265 HHs), Ngala (169 HHs), Monguno (112 HHs), Gwoza (45 HHs) and Dikwa (23 HHs). They are in need of blanket mats, Kitchen sets, bucket/Jerry can, mosquito nets, sheeting and soap.

CAMP COORD. AND CAMP MANAGEMENT ACTIVE SERVICES

CCCM services include registration, site service coordination and monitoring, reception centre management, awareness/sensitization, service advocacy, referrals and complaints, and feedback mechanism.

GAPS

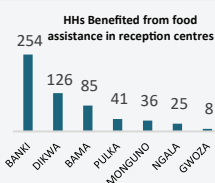

The CCCM partners mentioned that all the seven reception centres are congested. Accommodation for the new arrivals are the major challenges in the reception centre. There are lack of food assistance support in Gwoza, Pulka and Dikwa. In Bama, there is need of fuel efficient stove for new arrivals.

FOOD SECURITY (FS) ACTIVE SERVICES

Food security services include wet feeding, general food distribution and cash based transfer.

GAPS

A total of 575 HHs received in-kind food distribution across the seven reception centres during this period. CCCM partners observed there is urgent need of food assistance in Bama and Gwoza reception centre. In Pulka, due to scale down by WFP, new arrivals onsite have no access to food assistance which made them to escaped back to bush for survival while others to neighbouring state of Adamawa State.

HEALTH ACTIVE SERVICES

Medical screening, referrals, vaccination, immunization, distribution of essential medicine in all RCs.

GAPS

There is need of functional primary health care in Ngala and Dikwa reception centres and secondary health care in Banki, Bama, Monguno, Pulka and Ngala.

PROTECTION ACTIVE SERVICES

Protection services include Legal Documentation, Gender Based Violence (GBV) services, general protection services, referrals, vulnerability screening, child protection services and mental health and psychosocial support (MHPSS) services.

GAPS

There are need for legal aid on protection concerns in Monguno, Ngala, Pulka and Dikwa. Also, CCCM partners noted the lack of MHPSS services in Pulka and Dikwa.

WATER, SANITATION AND HYGIENE (WASH) ACTIVE SERVICES

WASH services include construction of latrines and showers, distribution of sanitation materials, dislodgement of latrines/solid waste management, chlorination of water, hygiene promotion and maintenance of WASH facilities.

GAPS

A total of 15 showers were damaged in Monguno (7) and Pulka (8) and 14 latrines are damaged in Bama (2), Gwoza (2) and Pulka (10) and Dikwa (4). There are lack of lighting around the latrines in Bama, Pulka and Dikwa poses a protection risk to the IDPs. In Nagla and Pulka, there is need of more water supply through water tanker due to lack of borehole. latrines because two blocks have being decommissioned.
