2024 Quarter 1:Displacement Updates

This report covers northwest Syria region for the period from 01/01/2024 to 31/03/2024. Data was collected from 897 accessible communities in Greater Idleb and Northern Aleppo and Hama governorates through KIs. In the first guarter over 20,000 people were displaced in Idleb and Aleppo, particularly from Darkosh, Dana, Idleb, Maaret Tamsrin and Bulbul due to mainly loss of income, increase in rental cost, escalation of aerial bombardment, and escalation of ground-based conflict. Most of the affected population arrived to Dana, Afrin, Idleb, Bennsh, and Maaret Tamsrin sub-districts.

Disclaimer:

- 1.Displacements in north-west Syria (NWS) is highly fluid; IDP figures are rapidly changing due to dynamic environment and movements between sites and communities. CCCM will continue updating figures quarterly.
- 2.Returnees: refer to internal IDP movements from displacement sites to their homes or habitual residences in NWS
